

# Paper Recycling Conference Asia

**An event designed for recovered fibre suppliers and consumers**

The producer of the Paper Recycling Conference - North America and Europe has partnered with CTAPI to produce an event situated in the heart of the world's largest market for recovered paper.

The 2013 Paper Recycling Conference - Asia will take place 30-31 May 2013. It will represent a unique and powerful opportunity for the world's suppliers of recovered paper and the mills that consume it to meet.

## **Why Attend?**

- Learn about the development plans for mill capacity and their ever evolving fibre requirements.
- Unmatched networking opportunities in the world's largest consuming market.
- Get in-depth insight into the commodity markets for recovered paper.
- Hear about the Chinese domestic recovery market and how it is evolving.

The event is designed for merchants, brokers and other suppliers of recovered fibre as well as mills from around the globe reliant upon those suppliers.

## **Programme**

See below for an overview of some of the sessions to feature on the inaugural agenda for this event.

### **Asia's Paper Economy**

- A review of current and planned capacity and capacity utilization in China and throughout the Asia Pacific region

### **China's Paper Recycling Collection**

### **Infrastructure**

- An examination of the status and advances of China's recovery infrastructure

### **Recovered Paper Supply**

- An in-depth examination of the supply situation from North America, Europe, and other exporting regions

### **Mill Buyers Panel**

- A panel discussion of key mill buyers share their perspectives on recovered fibre procurement

### **Broker Insights**

- Sellers to Asia from North America and Europe provide key insights on factors impacting the global trade of recovered fibre

## **Delegates**

Paper Recycling Conference Asia has an expected audience of more than 150 decision makers including the following:

- Value chain: paper mills, merchants and traders, waste management firms, suppliers of machinery and equipment
- Senior management, buyers, operations and sales and marketing contacts
